

APPLICATION *for* **MEMBERSHIP**

Become a member of the Society of Illustrators!

Being a member helps support our mission of celebrating the art of illustration, past, present and future. The Society is home to a Museum with a broad Permanent Collection and a brisk schedule of exhibitions. The Society also hosts a wide range of arts and education programs year-round. Our Drawing Academy works with inner city youth throughout the year to introduce art and illustration to talented youngsters. In addition, the Society is also a Community Outreach organization working with local children's and VA hospitals drawing for and with veterans. There is no other organization in the world that does as much for the field of illustration as the Society of Illustrators.
